### In This Issue

[Seminar Announcement](#)

[Guest Speakers at FBI Luncheon](#)  
[Litigation Support Department](#)

### Seminar at Arkansas Children's Hospital

Dr. Chandra  
Thorbole

Chief Research  
Engineer Dr.  
[Chandra  
Thorbole](#) will be  
a guest speaker  
at the Arkansas  
Children's  
Hospital  
March 3, 2011  
at 12:00 - 1:30  
p.m.

Dr. Thorbole will discuss  
*Engineering Intervention for the  
Impact Injury Prevention Research*

### Guest Speakers at a Luncheon for Former FBI Agents

From left; Former FBI Agent  
Harlain Phillips, Stan Andrews,  
Cord Guthrie, and Former FBI  
Agent Dick O'Connell

Accident reconstructionist [Stan Andrews](#) and forensics investigator Cord Guthrie were invited guest speakers at a luncheon for former FBI agents. Other guest included local area police officers and loss prevention staff from various transportation companies. In their presentation, Stan Andrews and Cord Guthrie demonstrated the aspects of conducting a vehicle and crash site inspection and the importance of this information in determining what happened and how it

happened.

### [Litigation Support](#)

Separate from our expert witness services, our trained staff offers to attorneys: paralegal services in electronic legal research, early case assessment, Shepard's Citations, and case briefs. We also have techs available for courtroom presentations using Trial Director Software - an easy, paperless way to handle and display exhibits.

### Certificate of Merit

and how injury biomechanics research is an essential element in the prevention of fatal injuries. In addition, Dr. Thorbole will demonstrate how the engineering approach using various methodologies, such as computational mechanics and laboratory testing, are used for injury biomechanics research.
